Dear Lou:

I have the pleasure of presenting you with a plaque commemorating your many years of dedication and outstanding service to your fellow F-M TS brothers. (*Sorry for the typo on "dedication s"*).

You are the very first person to receive this "Gender Worker Award", which I will also be presenting to Phoebe Smith, Sister Mary Elizabeth and (if I can afford it) to Ariadne Kane and JoAnn Roberts. Your plaque was made possible by the contributions of 5 people: [REDACTED], Andrew [REDACTED] (sp?), Jean Van Aarle, Dan Riley and myself. I originally sent out a letter to 13 F-M resource people; I didn't include (although perhaps I should have) non-TS people like Ira Pauly, Leslie Lothstein, Eli Coleman, Walter Bockting, Roxanne Cherry, Tomye Kelley, Tay Bosley, etc.

I hope you are in good health these days and am glad to know that you survived the earthquake. I was worried for awhile there. The reason I don't call is that money is awful tight these days and we don't have discount phone companies like Sprint, etc. like you do in the States. I hope you understand.

Have you heard from Johnny Austen (now going by John Armstrong?) of F2M lately? He hasn't replied to my last two letters and I haven't received any of his newsletters since Issue #2 which came out last Spring. What's going on with him anyway? Do you have any idea?

Do you have the correct mailing address for Ira Pauly? My letter to him was returned, "Unknown". I sent it to University of Nevada, Marsh Road, Reno, Nevada. I had a good chat with him and with Eli and Walter at the HBIGDA symposium in Cleveland.

My job is going well and I just got a raise. I work in the Human Resources department of a very large national company. [REDACTED] and I are taking ballroom lessons starting next week. Married life is great!

All the best,

  
Rupert
