Dear Lou-

Thank you for your letter and a copy of your review of Lesbian Masquerade in the Gateway. Your letter & our talk after the first showing make me feel that those long hours alone in the library squinting to read the microfilms of old newspapers was worth it all!

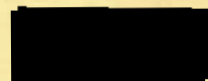

I haven't forgotten your offer to help do research or to do the talk at the Golden Gate Girls/Guys. On Wednesday, however, I'm leaving for the East Coast for 2 months, partly to show Lesbian Masquerade there. I won't be back till November, but I'll give you a call when I return.

Thanks again for your letter & for your enthusiastic review!

Best-

Allan Berube
