To My Beloved Brothers!

Yes...finally, there is.... freedom!! Freedom to finally be...whole. I want to tell you about my new accomplishment...to be able to create for YOU..yes, just for you..the first most complete, equal to if not better than most surgeries, the newTranssexual Male Genitalia. Yes, this baby does it all. Not really artificial....when you consider, "who's" to say what the "real" thing is anyway!!! If each of us has our own reality, then I totally believe the transsexual has a reality that requires a transsexual genitalia..! Now, you can "recieve" that very special genitalia in many ways, expensive surgury is only one way. Special stuff fo' special folks (It's all how you "choose" to look at things.) At this time I want to change the name of this device to "Herb". (Helping Every Reborn Brother) When people saw "Herbie" they said, "What's it gonna be when it grows up?'....I replied, "Herb"... Well now he has grown up!

Now for the moment you have all been waiting for...

Introducing....."HERB"! (formally, Tramp)

"Quickly, what will this do for me?" You ask.
I'll tell you!

1) Herb looks and feels very realistic not only under clothes but also *in the nude*, it is skin toned, soft to the touch, comfortable, it retains body heat. The edges are hidden by fake body hair, it is waterproof like natural skin and hair. At this stage Herb is worn with a harness, but I'm working on a new mwthod to end that!

2) Herb is functional! You not only look natural..but you can STAND to urinate..NO LEAKS! With the special urinary connection after the one week break-in period necessary for getting used to this new "ability"...you can experience the freedom so long denied us.

3) Herb also has the ability to get an erection! With the built-in erection device, you don't have to go to the "hiding" place to get the dildo to be able to satisfy your partner. Like other males, you'll know right where it is..where it belongs! But, just like any other male you MUST wear a condom during intercourse..you will be protecting Herb, his skin life depends on how you care for him, and more importantly you want to remember that your urinary tract opening at the tip of the head remains open. I must stress this....I know how active you folks will be with this new "rebirth" activity..but your health will depend solely on YOU...WEAR A CONDOM!!!

4) Herb also supplies a personal stimulator for your pleasure during intercourse. This will enable you to receive stimulation to the clitoris, hands free. While you're busy enjoying that feeling, you are, at the same time, satisfying your partner...for that total feeling of, TOGETHER!

Each Herb is handmade to order and takes approximately one week to make. It will be personalized in terms of size and coloring to make it totally YOU. The cost has been held at the bare minimum to make it available to all in need.

How's that for freedom? Freedom from the fear, the insecurity, and the greedy medical community that takes our money and gives us "little" or nothing. When you begin to realize that the cost of lower surgery is somewhere between \$60,000 to \$125,000 and that the results are basically not acceptable, considering today's technology, in spite of some 30 yrs. of "attempts", and surgery has what the medical community considers an "acceptable failure rate" of 10%!!! In contrast, the male to female surgery is finished in two-and-a-half hours, costs about \$15,000, and WORKS!!!

Maybe we need to consider other options...while we refuse to surrender to the medical establishment for lower surgery until it perfects the process to meet OUR needs, at least at a cost that is affordable or comparable to the male to female surgery. That is why I have created the "Herb", basically to end the non-functional "hostage" situation we

endure with present surgeries.

Not so amazing--after 9 months of constant work, I really believe we can take back control of our lives utilizing Herb. During this time I have heard from so many of you, my brothers, about your pain and frustration, and your hopes. I know that there are many of you for whom surgery will never be the answer, either because of cost or because of health problems which will interfere with having it. The conviction that by using my talents I could create what we all need to feel complete and whole is what has driven me forward. The letters I have received from all over the world have helped me to keep the faith. I love the letters, even through the anguish of your stories, your questions..the ones where some of you write of feeling foolish or embarrassed to ask..to ask ME a brother, yet my spirit is always lifted at your great ability to use humor to "get through the shit"!

I will continue to be available by phone or letters for any of you about questions or concerns you may have about "Herb" or about being a TS male. That invitation is also open to partners and families. My phone number is :
