

Dear Rupert

10/21/84

Wanted to get this back to you promptly. Im glad thxe TV-TS Tapestry used the article but Ive never been a member & didnt have my name on the original publ of it. Hmmm I was pretty offended by the stupid drawing seeming to accompany the TV-TS Tap reprint, so am sending you the orig article as it appeared. You may put my name on it if you wish. It was written 5 yrs ago & wasnt one of my better pieces. Im also sending a little "filler" piece that appeared in that same issue of the Gateway (Nov '79) you might use sometime. In yr ltr you said you were encl 2 ltrs of reply from The Body Politic in response to our book reviews. You neglected to put them in the envo. Id very much like to see 'm. My employer left SF & Im now living on 3 mos. sever pay--yahoo! Im purch type-setting equip & will try to work for ~~smx~~ myself---we'll see how that works out. Ive been very busy putting a book tog about a F-M who lived in SF 67 years--40 as a man. Died in 1936. Fantastic story. Once I get it ~~g~~ tog I'll ad it for sale in Metamprh OK? So please tyep tye FOM TV art from the orig Gateway copy as Ive also noticed the TV-TS Tap rendition has been tampered w/+-"femmed up" you might say. Ive also had scar reduction surg on my chest (they werent large scars, just red keloidal) & a tiny implant under my right aereola (it was pretty caved in) by Dr. M B of this city. yours in Brotherhood,
