Dear Louis:

Long time - no word - how have you been? Are you still working with JANUS and if so in what capacity? What is your official title (F-M Co-ordinator or something like that?)

Are you contemplating the penile construction performed by Dr. Sendl or the one with the urinary hook-up by Dr. Forster?

Southern California. I wish I lived there.

I've been doing a lot of heavy reading lately: Philosophy, mysticism, occultism, Zen Buddhism, Taoism, Sufism, etc. eg. "The Tao of Physics" by Fritjof Capra; "The World of Zen" by Wang Wilson Ross; and, "The Occult" by Colin Wilson.

I saw 3 movies lately: "Arthur", "Superman II" + "The Christine Jorgensen Story". I heard there was a new TV movie called "The Woman Inside" released on Sept. 29th in the U.S.A.

Have you seen it and if so, what is your opinion of it? Also, your reaction to Leo Wolman's 1979 movie "Born A Man, To Die A Woman?" I hated it cause it was such a joke - a parody - a travesty.

Do you have any more of those "Information for F-Ms" pamphlets left? Could you send me one as I lent mine out and <sup>it was</sup> never returned to me. I thought it was a truly comprehensive production - an excellent + commendable effort. Congratulations.

Who did you visit - was it Dr. Donald Lamb?  
Do you know the name of the L.A. area <sup>plastic</sup> surgeon who performs phalloplasty for F-Ms?

Will take care now and please write and tell me all your news.

faithfully yours, Nick
