Dear Jean,

I hope you don't mind that I published your latest letter in the enclosed issue of FTM. I felt that the letter wasn't particularly "personal" to me, and that you would receive a much more varied response if others read it (we have over 100 names on our mailing list).

We held our last female-to-male Get-Together as a picnic in the park last weekend. About 12 FTM's attended with friends and children. It was more of a "social" gathering this time... no program or speakers, etc. Our next Get-Together will be sometime in September.

I'm sure our FTM readers would love to hear more about Mannengroep. Would you be interested in writing a short article for FTM about your female-to-male gatherings, such as how many attend; only transsexuals or crossdressers, too; do you have speakers, or is it more of a closed counseling session?

Hope to hear from you again.

Regards,
Lou Sullivan
